Tsinghua Logic Colloquium

May 16 2015 - on Logic, Language and Philosophy
May 17 2015 - on Logic, Modality and Proofs

Rm. 353, Xin Zhai, Tsinghua University, Beijing

- **May 16 2015 - on Logic, Language and Philosophy**

  09:00-09:50 **Frank Veltman** (University of Amsterdam)
  Too good to be true

  ♠ 09:50-10:00 Joint group photo (*of the two-day event*)

  10:00-10:15 Tea Break

  10:15-11:05 **Xin Wang** (Beijing Language and Culture University)
  *The semantics and pragmatics of the 'Shenme ... Shenme' sentence
  and its deduction*

  11:05-11:55 **Shihong Zhou** (Beijing Normal University)
  *The YOU (existence / have) sentences in Mandarin Chinese
  from the perspective of theticity/categoricality distinction*

  11:55-14:00 Lunch (at Xi Chun Yuan Restaurant)

  14:00-14:50 **Martin Stokhof** (University of Amsterdam)
  Meaning at the crossroads

  14:50-15:40 **Yuncheng Zhou** (Tsinghua University)
  On conservatism in inference

  15:40-16:00 Tea Break

  16:00-16:50 **Xuhui Hu** (Peking University)
  *Verbs, events and telicity
  - A syntax-semantics/pragmatics interface approach*

  16:50-17:40 **Jiayue Cui** (Chinese Academy of Social Sciences)
  *Research on passive sentences
  in the framework of Montague Grammar's generative lexicology*

  17:40-19:30 Dinner (at Xi Chun Yuan Restaurant)

- **May 17 2015 - on Logic, Modality and Proofs**
  This two-day event has a joint group photo session, on 09:50 of May 16.

  09:00-09:50 **Hiroakira Ono** (Japan Advanced Institute of Science and Technology)
  Finite model property, cut elimination and analytic cut

  09:50-10:10 Tea Break

  10:10-11:00 **Ren-June Wang** (National Chung Cheng University)
  Proof realization on modal logics

  11:00-11:50 **Zhe Lin** (Sun Yat-sen University)
  *On the complexity of Lambek calculus
  extended with classical propositional logic*

  11:50-14:00 Lunch (at Xi Chun Yuan Restaurant)

  14:00-14:50 **Jeremy Seligman** (The University of Auckland)
  TBA

  14:50-15:40 **Qing Jia** (Chinese Academy of Social Sciences)
  Ought to do and ought to be

  15:40-16:00 Tea Break

  16:00-16:50 **Yanjing Wang** (Peking University)
  Beyond knowing that: non-standard epistemic logics

  16:50-17:40 **Junhua Yu** (Tsinghua University)
  A tableau system for the "instantiable neighborhood modal logic"

  17:40-19:30 Dinner (at Xi Chun Yuan Restaurant)

Organizing Institutes:

Tsinghua University - University of Amsterdam Joint Research Centre for Logic
College of Philosophy and Sociology, Beijing Normal University
Department of Philosophy, Tsinghua University

Organizers:

Ju Fengkui, Beijing Normal University
Yu Junhua, Tsinghua University
